DETAILED ACTION

Election/Restrictions

1. Claim 1 is directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 13-19, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, are now subject to being rejoined. Claims 13-19 will be rejoined and fully examined for patentability under 37 CFR 1.104 if they are amended to be commensurate in scope with the allowed product claims in response to this Office Action.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 2, 4, 5, 8 and 9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The Examiner appreciated Applicant's amendments to clarify the scope of the invention as claimed. The language that the Examiner has found to be indefinite is "at least" in combination with "substantially". Removal of "at least" would have clarified the scope adequately. The amendment as now presented renders the above listed claims indefinite since it appears that a single triangular shape is not encompassed by the independent claim as currently written. Insertion of the phrase "one or more", as originally claimed, with the continued removal of "at least" will overcome this issue. Removal of "at least" from claim 2 is also requested.

Conclusion

4. As pointed out above, the non-elected claims could be entitled to rejoinder if they are amended to be commensurate in scope with the allowed product claims.

Art Unit: 1756

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
